The program will show their gratitude to their volunteers for their service. We are proud of our Foster Grandparents and the service they provide in our local communities of the Panhandle of Nebraska. This is given to honor our volunteers that have changed the lives of children they have touched through service. 125 pink carnations showing gratitude will be given away at the event.

Local, state and national dignitaries, or their representative, will be in attendance with proclamations in honor for the National Day of Recognition. Proclamations and statements to the volunteers from local mayors, county commissioners, state and federal representatives will be presented at 3:15 pm.

Please join us to recognize volunteers and to learn about the program and the benefits of volunteering across this nation. Current Foster Grandparent volunteers will be on hand to share their experience with you. Meet our staff you can answer questions about the program.
